DETAILED ACTION

Response to Amendment

1. Claims 1-34 and 36-38 are currently pending in application 09/923,457.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. **Claims 1-34 and 36-38 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement.** The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The independent claims contain a previously amended step of calculating a copyright fee for each of the digital contents by the shop side distribution apparatus in accordance with the calculated *total amount of the audiovisual fee* and the audiovisual times. However, the specification never describes using the total audiovisual fee amount to calculate the copyright fee.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-34 and 36-38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
6. Claims 1-34 and 36-38 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: calculating the total audiovisual fee used (in the independent claims) to calculate the copyright fee.

Response to Arguments

7. Applicant's arguments with respect to claims 1-34 and 36-38 but are moot in view of the new ground(s) of rejection.
